

ABACUS PLAY PANEL

Learn while playing! Abacus play panel familiarizes children with numbers and calculating. Simultaneously, turning and switching small buttons develops children's fine motor skills as well as using the sense of touch improves three-dimensional perception. Play wall is available in the following colours: dark grey, grey, red, blue, green, yellow, lime green and fuchsia. When ordering the product, please inform the colour you want. Installation on ground level only.
