

HUGO & INES

This is a swing to love! Capable to hold up to five(!) persons at a time, this fantastic swing has two baby seats, one at each end of the 1700 mm wide seat plank. This provides a nice seating space in the middle. The cradle seat gives support without making the child feeling cramped. The approximately 160 cm long chains are made of 6 mm polished austenitic stainless steel and come with plastic coverings. The frame material of the baby seat is aluminum and the coatings are black rubber. The swing seat is suitable for the following frames: 137414M137418M220061M User age: 1+.
