

The Push-Up set consists of two bars set at 335 mm and 435 mm height across three vertical supports. The bars can be used for raised push-ups or for jumping over. For an even more functional training session, the two aforementioned exercises can be combined, e.g. with one push-up, jumping over the bar, another push-up on the other side, another jump, etc.

535

Product length, mm	2485
Product width, mm	125
Product height, mm	535
Max. free fall height, mm	435
Safety info	EN 16630, EN 1176-1 TÜV
Installation time (for 1), H	2
Foundation options	Deep mounting Surface mounting
