

BALANCE SPRING

Rocking platform placed in front of a bar for holding on to, intended for seniors. The platform height is 320 mm, and the bar is at 1,550 mm. Balancing on the platform improves body control and balance, with a particular focus on the deep muscles. This is also a fun way of improving one's posture. Slippery surfaces are equipped with a rubber granule mat whose non-slip qualities improve the product's usability.
