

The highest Base structure has walls high enough for proper wall runs and other wall techniques for youth and adults. There are multiple rail elements that offer several options for hand placement, swinging, hanging and climbing. The slanted design offers variety to training and makes the equipment inviting and inspirational along with the graphic elements. The surfacing on the back wall ensure perfect friction for wall techniques. The mural and inner wall coloring with creative shapes give it the creative look which is characteristic to the whole Dash Parkour series. Watch a wide selection of parkour techniques performed on Dash Parkour equipment. The playlist showcases how the products can be used in versatile ways: Watch the videos here.

Product length, mm	2080
Product width, mm	880
Product height, mm	2450
Impact area, m <sup>2</sup>	26.3
Falling space, m <sup>2</sup>	26.3
Height required, mm	4550
Max. free fall height, mm	2450
Safety info	EN 16899
Foundation options	deep_mounting surface_mounting
