

Block S has three different skill levels in it thanks to three sides with different angles towards the ground level. Block is a perfect tool for training basic wall techniques such as tic tacs (pushing yourself off from a wall with one leg) and cat landings. Block elements are super valuable when placed in the middle of other products as you can approach them from basically any direction and always get a good grip thanks to the inclined anti-slip surface. Watch a wide selection of parkour techniques performed on Dash Parkour equipment. The playlist showcases how the products can be used in versatile ways: Watch the videos here.

Product length, mm	1940
Product width, mm	1790
Product height, mm	1250
Falling space, m ²	19.7
Height required, mm	3350
Max. free fall height, mm	1250
Safety info	EN 16899 TÜV
Foundation options	deep_mounting surface_mounting
