Multifunctional tower play with two towers. One of the towers houses a curved ladder and a fireman's pole. The towers are connected by a rung bridge, allowing children to move from one tower to the other. One of the towers has a climbing bridge with an opening and a large slide. Beneath the tower there is a seat for having a rest amid play.

User age	4+
Number of users	15
Product length, mm	4460
Product width, mm	4830
Product height, mm	3320
Impact area, m ²	43.8
Falling space, m ²	44.1
Height required, mm	3360
Max. free fall height, mm	1470
Safety info	EN 1176-1, 3 TÜV
Installation time (for 1), H	14
Foundation options	Deep mounting Surface mounting
