Sandbox

A wooden sandbox with clean lines, 2,500mm x 2,500m in size. With its wide side walls, top part coated with HPL panelling, this sandbox offers children an opportunity to test their balance and provides a comfortable seat for adults. The opposite corners of the sandbox are equipped with effect coloured HPL plates for seating or sand cakes. The HPL panelling is durable against wear and different weather conditions, and it is easy to wipe clean from sand and water. The sandbox offers children a good opportunity to use their imagination and improve their three-dimensional perception.

User age	1+
Number of users	10
Product length, mm	2500
Product width, mm	2500
Product height, mm	310
Falling space, m²	28.2
Height required, mm	2110
Max. free fall height, mm	310
Safety info	EN 1176-1 TÜV
Installation time (for 1), H	2
