The most expansive vessel in our fleet, Ship Gloria is more than just a piece of playground equipment; it’s a swash-buckling experience that must be seen to be believed. Bursting with play value, Gloria boasts a center mast exceeding six meters in height, eight bridges, seven access elements, four climbing entrances, three slides, three climbing nets, a rotating ladder, and numerous other play features. Ship Gloria’s play value is exceptional, as it affords users the opportunities to develop and strengthen their physical and mental abilities through play.Its strong, sturdy construction allows for a greater number of users to play together at once, and its open towers provide long lines of sight and the feel of being on a real ship out at sea. Ideal for theming, Ship Gloria can be customized and branded to meet your needs, and modified to accommodate virtually any, larger setting. The perfect solution to a large, empty space; Ship Gloria is ready to set sail at a playground near you.
