- Bridges *1*
- Climbing *5*
- Roofs *2*
- Slides *2*
- Towers *3*

Spell hill looks quite tame, but thanks to the two different sized towers, grand slides and numerous climbing features it excites players again and again!The transfer between the towers is a thrilling challenge with a 2,5 m long, slightly slanted net bridge with handrails, and it is the only way to the second tower. The towers reach up to almost 4 metres. The second tower has a U-shaped net underneath for climbing or just hanging out with friends. It can be accessed from the ground.More details on the “Materials and colours” tab.
