Goblin's Climbing Forest

This playground set is 3,050 mm high and consists of seven climbing posts, two vertical climbing nets and one leaning net. Children can traverse it from one end to the other. It fits a large number of kids at one time, making for sociable play. The Gnome's Climbing Forest offers diverse opportunities for climbing that develop the climbers' fitness and motor skills. The pleasant natural rope material and the fun design provide new climbing and hanging challenges. The nets are tilted or twisted in different directions and have holes of different sizes at various heights, just like the nature that surrounds us. The Goblin's Climbing Forest varies when approached from different directions, offering countless opportunities for play. The product is manufactured from locally sourced nordic pine. Available in Natural Tone and Flora Brown.
