FAIRY CIRCUS

The Fairy Circus is a beautiful and inclusive nature play product which offers a nice climbing challenge, as well as a hammock type lounging area on any schoolyard or park! Two of the nets have tighter mesh, which makes the product easier to play and rest also for disabled persons. The eight triangle shaped nets are placed on one level at the middle post, but the wide part is installed on four different levels from 350 mm to 1550 mm. Some posts have also “grown” branches, which will give even more excitement to climbing.
