Metal swing set with bird's nest swing seat. The bird's nest seat can be switched to the inclusive basket swing seat (age group 3+) with only a small effect on the price. Please inform us of the seat preference when ordering the product. The frame has bearings for a second seat, eg. a rubber seat or a cradle seat, with 210 cm chains. Please inform us of the seat preferences when ordering the product. For a surcharge, you can order the foundation plate kit for non-concrete installation. Please note: in some markets the swing frame and the seats are sold separately. Contact your local representative for details.
