GIBBONSWING M

Multifunctional frame for hanging and other parkour moves. It comprises four curved supports joined by monkey bars. The bar heights are 1,750 mm and 2,230 mm. It can also be used for jumping over or weaving through. The bars can be reached by children. The hanging bars at different heights provide challenges for children and teens of different ages. This is a cost-effective product that is perfect for school yards, among other places.
