Multifunctional, streamlined tower play with lots of features in a compact space. This equipment includes two climbing walls with square holes, a transparent climbing wall, an ascent with horizontal handles, a ladder rise, seven climbing nets, including five vertical and two horizontal nets, a fireman's pole, a labyrinth game wall and a slide. The opal white roof of the tower is made of light transmitting cellular plate. The diverse climbing options of the HALO series develop children's balance and strength in a versatile manner.
