WALL-HOLLA 10 WITH EXTERNAL SLIDE

Wall-Holla is a perfect solution where the space is limited but high capacity needed. It grows vertically and offers 5-6 times more play space than a playground of the same surface area, naturally making the safety area required smaller. The Dutch Design Award nominated play structure is also a great centerpiece. The high, see-through structure provides an exciting experience for play.

User age	5+
Number of users	30
Product length, mm	15923
Product width, mm	3840
Product height, mm	4902
Impact area, m²	82.4
Falling space, m²	82.4
Max. free fall height, mm	2470
Installation time (for 1), H	96
Foundation options	deep_mounting surface_mounting
