

Sona deep mount kit, concrete needed

This Sona deep mount Kit provides L-anchors with a mould to position them. This is the most common Sona installation type used with concrete poured on-site. Choose an installation type that fits your situation best. Lappset Sona can be installed in various situations, from outdoors in grassy, sandy, rocky, or tiled or concrete surfaces to indoor areas. Available standard options are: - Deep mount - Surface mount - Exhibition mount Do you prefer another installation type? No worries; we are happy to provide you with a custom mount installation solution that best suits your location.
