

Memo surface mount kit

This Memo surface mount kit allows bolting down Lappset Memo to the surface designed when drilling and/or milling in the floor is possible. This kit includes 7 installation plates and anchors, suitable for indoor use only and intended to be combined with wet pour. Protective tubes Ø 40mm are provided to connect the anchors underground to conduct the cables. It is a plug-and-play installation. Choose an installation type that fits your situation best. Lappset Memo can be installed in various situations, from outdoors in grassy, sandy, rocky, or tiled or concrete surfaces to indoor areas. Available standard options are: - Deep mount - Surface mount - Frame mount - Exhibition mount Do you prefer another installation type? No worries; we are happy to provide you with a custom mount installation solution that best suits your location.
