

**FLORA Shopkeeper play spot**

Business skills can be practiced as a child, and playing with the cash register is fun for all children. This cash register and counter combination is perfect for many role-playing games: grocery, bank, garage and many more! Choose your play panel colour from eight colour options: dark grey, grey, red, blue, green, yellow, lime green and fuchsia. Please note that this element is meant to be played from the ground level only.
