

CT FLOOR ASHTRAY, SURFACE MOUNTING

Large and firesafe ashtray when you have lot's of users through all day. Small 25mm ash aperture together with tight construction keeps smoke inside the bin but papers and other unwanted trash outside. The ashtray is emptied by lifting up the locked outside cover and then the 4,2 liter steel liner can be emptied. The ashtray is free standing but needs to be bolted fixed to hard ground like concrete or asphalt. Height is 900mm and diameter 160mm.
