

External CT Side ashtray is safe and nice way to serve also the smokers and to keep environment tidy. The small 25mm aperture together with tight construction keeps cigarette smoke inside the ashtray. As the ashtray is totally apart from the litter bin it also increases fire safety. The ashtray is emptied through locked bottom hatch opened with the same key as CT litter bin uses. Same ashtray fits all CT-litter bin sizes 30, 60 and 100 and also Kita-series bins. Customized colors available for special color fee and SST as a standard.
