

This litter bin is a real classic, "the Helsinki litter bin", because of its beautifully timeless design, durable construction and user-friendliness. Maintenance is ergonomic through openable front door and the steel liner gives safety and tidiness. CT-litter bin is made in three sizes; 30, 60 and 100, and material is 2mm galvanized and powder coated or stainless steel plate. There is a wide range of fixing accessories to choose and the bin can be equipped with external tube ashtray and bird blocking plate on the aperture. Special colour in most RAL-colours on choice.
