

**NA175536M**

**LUMBERJACK'S BRIDGE (ASTM CSA)**

Lumberjack's Bridge (NA175536M) complies with the ASTM and CSA standards. The Lumberjack's Bridge is part of the Flora Adventure Trail product group, and it improves balance, coordination and core & body strength. The rounded beam guides the player to walk across the bridge, with or without the help of handrails. The rope net attached on the handrails make the crossing possible also without touching the beam. This product works the best as a part of a balancing route, for a wide age group.
