Beach Hut (NA175583M) complies with the ASTM and CSA standards. This inspiring Beach Hut is built at one end of a sandbox so that those playing can move inside and out. The hut is great fun, come rain or shine, as kids can play out in the open or sheltered by the hut. The rear wall is closed with a boarded wall section and a fenced section, so the little ones are easy to supervise from outside the sandbox. The hut is accessed via the sandbox. The steeply pitched roof and curved roof plane are influenced by mediaeval Scandinavian designs, scaled down to suit children. Green window frames give a welcoming, bright accent of colour.

Number of users	10
Product length, mm	2000
Product width, mm	2540
Product height, mm	1770
Height required, mm	2770
Safety info	ASTM F1487, CSA Z614
Installation time (for 1), H	4
Foundation options	deep_mounting surface_mounting
Wood
