# NA175590M

## Troll's Climbing Track (ASTM CSA)

Troll's Climbing Track (NA175590M) complies with the ASTM and CSA standards. Almost 8 feet high climbing frame with one triangular climbing net and one leaning climbing net, as well as upright posts with six climbing branches. Children can traverse the set from one end to the other. The pleasant natural rope material and the fun design provide new climbing and hanging challenges. The nets are tilted or twisted in different directions and have holes of different sizes at various heights, just like the nature that surrounds us. The Goblin's Climbing Route varies when approached from different directions, offering countless opportunities for play.
