

HEART BICYCLE STAND Frame lockable

Beautiful in design and excellent in action, the Heart bicycle stand gives full support to the front wheel of bicycle, including even 12 cm wide fat bike tyres. With frame locking feature of course. The Heart can take two bicycles, the second one on the right side of the tube frame. Recommended free space between stands is 60-80 cm. Heart has two installation versions; deep mounting with wet concrete and surface mounting with fixing plate bolted on concrete or asphalt.
