

CURVED LAMINATE BENCH

Curved Laminate bench can be used as an individual bench or you can create a half circle, full circle or S-shaped serpentine bench. Material is the same High Pressure Laminate (HPL) as we use in our Playground equipment. HPL is very durable and maintenance free material in all weather conditions and it can also take hard hits without visible damages. You can choose colour to match Lappset Finno playground equipment schemes; Lime Green, Apple Red, Tuttifrutti blue, Liquorice Grey and Candy Fuchsia. Curved Laminate bench is deepmounted with wet concrete but you get it also surface fixed with shorter feet. Metal feet are light grey.
