

Chillout furniture makes it easy to create relaxed and fun places to spend time and hang out in public parks, school yards, market places - or actually anywhere. Chillout product line consists of four different products - Stand, Sofa, Pallet and Minipallet, which can be placed in various combinations either alone or next to each other. Metal parts have some basic Park colors but also some more snappy colors as Chilla standard. Wooden parts are Linax-treated (oil impregnation) pine wood making them maintenance free for several years. Installation is free standing but all Chillouts can be fixed to ground with ground screws or deep anchors.
